March 2006

Carolina Visions**Greetings!**

Hello again and welcome back to Carolina Visions, the official newsletter of Oates & Company, your Sage Software Business Partner. We're kicking off our latest issue with some great info for you including upgrades, modules and promotions.

Sage MAS 500 Upgrade Considerations**Your guide for upgrading to 7.0****SAGE MAS 500**

With the release of version 7.0, Sage has provided a list of requirements and updates you will need to consider when upgrading. These include:

- Hardware Requirements
- Enhancements
- Crystal Reports

Click [here](#) to see the full list of considerations.

Sage MAS 500 Warehouse Automation**A Pre-Release Guide****SAGE MAS 500**

For distribution and manufacturing customers of Sage Software, the low cost of Wi-Fi solutions allows them to consider an advanced infrastructure for your warehouse that previously was not an option. Warehouse Automation will provide Sage MAS 500 customers a wireless solution for warehouse personnel who need to perform tasks such as order picking and cycle counts and instantly feed that back into Sage MAS 500 with proper validation.

- 20% Savings on Standard and Advanced Ten- User Packs
- Save 15% on Alerts or Sales Order

Pricing for promotions applies to the cost of the module or user packs only and does not include discounts on maintenance. Order by March 30th to ensure promotional pricing. For more information or to order, please email Tammy@oatesco.com.

Avalara Provides an End to the Sales Tax Nightmare

by Val D.
Steed, CPA,
MA, CITP

Any business selling into multiple tax jurisdictions faces a sales tax nightmare. With more than 8,000 different sales tax jurisdictions to deal with in the United States, it's a real challenge to get it right. And the consequences of not collecting and remitting the correct sales taxes are frightening. Who wants to deal with tax auditors scrutinizing every invoice and levying uncollected taxes and penalties?
